NOTICE TO Clerk, Judge Strand, or Magistrate Mahoney,

UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF IOWA

I have just recently received these documents from Klass Law on 11-14-2024. I would like them to be reviewed with my motion for summary judgment and appointment of counsel request. I would also like them to be reviewed with defendant's motions for summary judgment.

Exhibits (attached) #79 + #80 show why counsel is needed to proceed, and should be reviewed w/ my latest request to have counsel appointed.

Exhibit #81 shows it was over 60+ feet from where officers were when they opened my cell door, in regards to the failure to protect claims, not the less than 1/2 that that defendant's claimed in their motions.

Exhibit #96 shows that plaintiff was left in his cell, bloodied for 10 minutes—just like he claimed in his clarification motion. This shows the medical deliberate indifference, and should be attached to plaintiff's motions for summary judgment, and with his rebuttals to defendant's motions for summary judgment.

Exhibit #82-84 shows, in 13 months, plaintiff attended Bible study 3 times. Plaintiff does not recall the 2 additional times ~~more~~ more than the alleged 1 time—however Exhibits #85-95 shows that plaintiff was denied more than 10-11 times—that are documented. He was clearly denied more than 70% of the documented times, better, and denied his own clergy—thus proving the substantial burden. ~~These~~ These should be attached to his motion for partial summary judgment regarding the free exercise claims. Plaintiff does not know how to supplement this newly
